SOFTWARE DEVELOPER*Kernaghan & Partners Ltd***Contract – 06/2019 – 11/2020**

Toronto, ON

Developed software to expedite administrative tasks and gather data for internal staff:

- Regulatory compliance and record-keeping were expedited with forms that would create and send spreadsheets where they were needed
- Data analysis tools were made to help traders with mathematical operations they wanted to automate
- Traders' market analysis was improved with a variety of scrapers that would regularly gather information online
